Experience

ChaiFluence   June 2024 – Aug 2024
Software Development Intern   *Remote, IN*
- Developed and deployed the **first production-grade website**, improving user engagement and internal workflows.
- Integrated **AI-driven automation pipelines**, increasing operational efficiency by **~50%**.
- Implemented data-backed digital strategies that resulted in **100% growth in social media reach**.
- Collaborated with cross-functional teams to analyze requirements and deliver scalable solutions.
-

OPEN SOURCE   **Tabler UI (GitHub PR #2175)**

- Improved **web accessibility (ARIA compliance)** by enhancing SVG attribute handling.
- Contributed production-quality code following open-source standards.

Projects

Typometer| **[Project Link]**   **HTML | Tailwind CSS| React.js | JavaScript**
- Built a **real-time** typing test application with **WPM calculation**, accuracy measurement, and **error detection**.
- Implemented responsive UI and **optimized React state** management for **high performance**.
- Ensured **cross-browser compatibility** and mobile responsiveness.

Stock Dashboard AI Agent | **[Project Link]**   **Python | Streamlit | Groq API | YFinance**
- Designed and developed an **AI-powered stock analysis platform** delivering real-time financial insights.
- Integrated **LLM-based summarization, sentiment analysis, and market trend evaluation**.
- Automated fundamental analysis, price tracking, and watchlist management.
- Improved investment research efficiency through **AI-generated insights and clean UI design**.

Job Recommendation Agent | **[Project Link]**   **Python | Apify API | Automation | Data Processing**
- Developed an **automated job recommendation** system by **scraping and filtering job listings**.
- Applied **rule-based validation** and A**PI-driven logic** to improve **relevance** and reduce mismatches.
- **Delivered** curated job results based on **skills**, **experience**, and **location filters**.

Technical Skills

Programming Languages: C, C++, JavaScript, Python, Golang
Web Technologies: HTML, CSS, TAILWIND CSS, React.js, Node.js, Next.js, MongoDB, Express,
Backend & APIs: REST APIs, API Integration, Authentication, Automation
Databases: MongoDB, MySQL
Coursework: Data structures and Algorithms, OOP, Computer Network, DBMS, Operating system
Other: Agile, Debugging, Performance Optimization, Problem Solving

Education

J.C. Bose University of Science and Technology, YMCA - Bachelors Of Technology   **2021– 2025**
Electronics And Computer Engineering   *Faridabad, Haryana*
